

INSTRUMENTS & ACCESSORIES

ADC manufactures a wide range of professional tools and instruments to help you get your job done.

Our line of neuro hammers includes the popular Taylor, Buck, Babinski, Queen's Square and Wartenberg pinwheel. We even offer a complete set that includes all 5.

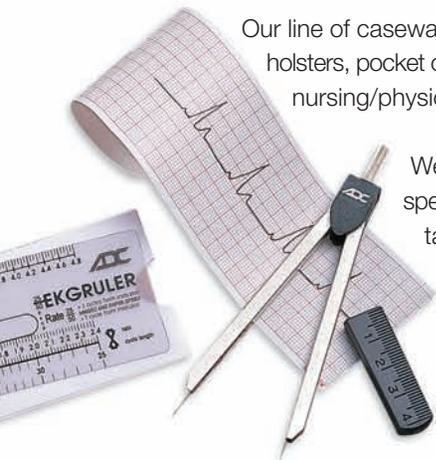

Finely crafted tuning forks from 128Hz to 4096Hz are made in the U.S.A. from the finest aluminum alloy.

ADC offers one of the widest selections of diagnostic penlights - from disposable models priced under \$2 to state of the art LED units priced at about \$25. ADC

offers a wide range of surgical instruments including Lister scissors, Kelly Hemostats and a host of other popular patterns.

Our line of caseware includes belt holsters, pocket organizers and nursing/physician bags.

We even produce specialty items like tape measures, EKG calipers and rulers.

A global leader in core diagnostic products for over a quarter of a century, ADC products are in use on 6 continents and over 60 countries. ADC is one of the few manufacturers to hold the prestigious and demanding ISO 9001:2008 and ISO 13485:2003 Quality System Certifications. Socially responsible ADC has set aside 25% of its production department to staffing by individuals with developmental disabilities.

Global sourcing combined with domestic quality control and assembly ensures the finest in quality at prices that really make sense.

So why settle for just any diagnostic product. If you are looking for a stethoscope, sphygmomanometer, diagnostic set, thermometer, caseware, or personal instrument - insist on ADC.

WE TAKE QUALITY SERIOUSLY.

ALL THE TOOLS YOU NEED...

STETHOSCOPES

ADC's Adscope™ stethoscopes are among the most respected the world over. Available in Electronic, Cardiology, Clinician, Sprague, and specialty models - over 12 distinct designs in dozens of model options, we're sure to have the right stethoscope for you. Constructed from the finest materials EVERY single Adscope™ is individually inspected in our facility before you ever open the box.

With features like bi-lumen binaurals, reinforcing yokes, multi-frequency diaphragms, and Adsoft™ eartips for the ultimate in wearing comfort and acoustic seal, our scopes are feature rich and beautifully crafted.

Priced from about \$25 to \$250, most models are backed by a Lifetime Warranty on metal parts.

BLOOD PRESSURE INSTRUMENTS

ADC's Diagnostix™ and Prophyg™ series blood pressure instruments are the best selling brands of professional aneroids in the United States. Why? An uncompromising devotion to quality combined with feature rich design at an affordable price.

ADC's manometer features a Japanese engineered movement designed to withstand a minimum of 30,000 cycles. Our Adcuff™ inflation system is designed to prevent miscuffing.

Choose from Pocket or Palm models in any of six clinical sizes. Many models feature an Adscope™ stethoscope. And all of our instruments are always latex free.

DIAGNOSTIC SETS

ADC's pocket diagnostic sets include a fiber optic otoscope and full featured ophthalmoscope with 19 viewing lenses and 5 apertures. Sets available with either one or two handles.

Otoscopes uses Welch Allyn brand specula for convenience.

Power "AA" handles feature a slide power switch. Batteries included.

Sets available with one or two handles in a choice of hard fitted or soft nylon storage cases. Lifetime warranty on optics.
